## **NEWS RELEASE**

**For Immediate Release: March 10, 2011**

### **Waste Management to Begin Delivery of New 96-Gallon Carts to Riviera Beach Residential Curbside Customers**

**Riviera Beach, Florida** -- Waste Management will begin delivering new 96-gallon containers for garbage collection to every residential curbside customer in Riviera Beach beginning Monday, March 14<sup>th</sup>. Old carts will be removed at the same time or on the next scheduled service day.

The new carts are part of the city's new five-year agreement with Waste Management.

Collection days for waste and recycling will remain the same. Residents should continue to place containers just off the edge of the street with the handle facing the house and the lid closed to facilitate automated pickup.

Vegetation should be bagged - to keep leaves from blowing around the neighborhood - and placed at curbside. Large items must be less than five feet in length and weigh less than 50 pounds.

For additional information or to check service days, residents can visit the city website at [www.rivierabch.com](http://www.rivierabch.com) or call Waste Management at (561) 547-4000.
