

The contractor will be placing the proposed signal mast arms between 7/22-7/24 at the intersection of Blue Heron Blvd. & Old Dixie Hwy. This work will be done during the day and will result in the following temporary closures,

- NB RT through lane on Old Dixie Hwy. @ the intersection With Blue Heron Blvd., and the WB RT through/RT turn lane on Blue Heron Blvd. @ the intersection with Old Dixie Hwy. This closure is to place the mast arm on the NE corner of the intersection.

- SB RT through/RT turn lane on Old Dixie Hwy. @ the intersection With Blue Heron Blvd., and the WB RT through lane on Blue Heron Blvd. just west of the intersection with Old Dixie Hwy. This closure is to place the mast arm on the NW corner of the intersection.

- NB RT through lane on Old Dixie Hwy. just south of the intersection With Blue Heron Blvd., and the EB RT turn lane on Blue Heron Blvd. @ the intersection with Old Dixie Hwy. This closure is to place the mast arm on the SW corner of the intersection.

- EB Blue Heron Blvd. @ the intersection of Old Dixie Hwy. will be closed for approximately 10 minutes to install the mast arm @ the SW corner. A FHP officer will be available during this closure.

- WB Blue Heron Blvd. @ the intersection of Old Dixie Hwy. will be closed for approximately 10 minutes to install the mast arms @ the NW & NE corners. A FHP officer will be available during this closure.

We will do everything possible to minimize the impact of these closures to the general public. Please contact me if you have any questions at 561-459-0908.

Thank you.
