## Landscape Notes

2. Landscaping in right-of-way buffers shall be installed on the exterior side of walls or fences. 3. Walls & fences shall be setback a min. of 10' from the ultimate R-O-W.

4. FDOT Type D or F curb shall be provided along the perimeter of all landscape, open space, drainage and grassed

areas adjacent to paved vehicular use areas, except where wheel stops are provided. 5. Safe sight triangles shall be maintained clear of vegetation to provide unobstructed visibility between 30" and 8' above

crown of road. 6. Light poles, fire hydrants, electrical/mechanical equipment, signs, drainage structures, etc. shall not interfere with

landscaping in terminal islands, parking islands, medians, buffers or other landscaped areas. 7. All plant material is to be installed a the height, spread and DBH/Caliper shown in the Plant List, container sizes are

given as a suggestion only.

8. No muck-grown sod shall be utilized in detention areas. 9. All landscape areas (including sod) shall be irrigated with an underground automatic sprinkler system providing min.

150% coverage. 10. Trees shown on this plan are for graphic representation only. Tree spacing is based on design requirements and the trees shown on these plans attempt to accomplish that spacing while maintaining the required setbacks from utilities.

Trees may be field adjusted to avoid conflicts with driveways and underground utilities. In any case the trees shall be located in the field in accordance with the planting details shown hereon.

11. Trees are to be installed with a ten foot (10') separation from any water or sewer main and/ or service, hydrants, and lift stations. If a ten foot (10') separation cannot be achieved, the tree can be installed with a root barrier system. Refer to

the "Root Barrier" detail for installation requirements.

12. All planters shall be excavated to a minimum depth of the native soil on site and back-filled with a suitable soil consisting of fifty percent (50%) composted organic matter, well-mixed with native soil. Backfill material shall be free from

rock, construction debris, or other extraneous material.
